LEGAL TENDER.

The American Schoolboy, like the American, adores his leader in athletic games just as the grown man prizes his chief in politics and war. What- ever may be a boy's shortcomings in scholarship, says Blackwood's Magazine, his athletic attainments will establish him as a hero.

One day, years ago, when a boy on his vacation from Harrow was walking with his father, a Cambridge youth who had just performed some feat in a university cricket match passed them and gave the lad a nod. The boy grew pink with excitement. He nudged his father.

"Look, father, look!" he exclaimed. "That was Cobden."

"What, my boy? Who was it?"

"Cobden."

"Ah, yes, to be sure, Cobden," said the father. Then, feeling that cordiality demanded his expressing some interest in the stranger, he added, "Now, I wonder whether he is any relation to the great Cobden?"

The boy spoke proudly. "He is the great Cobden!"

Measles and Throat Inflammation.

An instance of the absurdity of some of the notions held by our ancestors was the notion that the ringing of the church bells had a counteracting effect in a thunderstorm. It was supposed that the vibration of the air caused by the movement of the bells resulted in the dissipation of the electric fluid in the air. The belief was so common at one time that the bells were rung as soon as signs of an approaching thunderstorm were seen. Science now holds a contrary opinion. Not only does the sound have no possible effect on the air, but the vibration caused by the sound of a bell upon a cloud charged with electricity may cause it to discharge its contents upon the finger of the bell in the church tower.
